CHICK TRANSPORT BOX

4 Compartment

Day old chicks stay healthy when delivered in DHUMAL's Chick Boxes from hatchery to grower house. This specially designed container, moulded from high quality polypropylene, has rugged construction and unrestricted cross ventilation, even in the partition making 4 compartments.

- Stackable and Nestable.
- Hygienic - Easy to clean by water or steam.
- Ventilation through partitions.
- Saves labour and transport costs.
- Chick box mats keep chicks clean, firm and stable.
- Mats reduce leg stress on chicks while transportation.
